Welcome to the S3 Admin Console!

The S3 Admin Console is Carnegie Mellon University's student information system.

- Remember to keep your passwords secure and never leave an S3 session unattended.
- Users are encouraged to use the Feedback feature to communicate with business process experts, submit inquiries regarding warnings or errors received, or suggest enhancements to the S3.
- The [Student Data and Systems Use Agreement](#), which users agree to annually, contains details regarding access to the student system and data and proper password management.

What's new in S3?

July's Release 161 upgraded the Faculty Course & Grade Info screen in S3, including enhancements to all associated actions and workflows.
