PRINCIPLES & PRIORITIES: A FEDERAL BUDGET SIMULATION WORKSHOP

Presented by The Concord Coalition as part of the “Discourse, Dialogue, and Policy” series, a collaborative and continued effort between the University of Pittsburgh’s School of Public and International Affairs & Carnegie Mellon University’s Heinz College of Information Systems and Public Policy.

FRIDAY, APRIL 17

12:30 PM – 2:30 PM

University of Pittsburgh

Assembly Room at the

William Pitt Union, 3959 Fifth Ave

Principles & Priorities is Concord Coalition’s interactive federal budget simulation where **YOU** take on the role of national decision-makers.

Working in teams, you’ll grapple with real-world fiscal challenges—evaluating spending priorities, considering revenue options, and negotiating the tough trade-offs required to balance the federal budget. Participants will engage with a variety of policy areas, including General Government Spending, National Security and Defense, Health care and Social Security, and Taxes and Revenue.

It’s hands-on. It’s collaborative. It’s fast-paced. And yes—it’s fun.
